

04 April 2019, at 10:00

in Aula N of the Department of Chemical Sciences (DiSC)

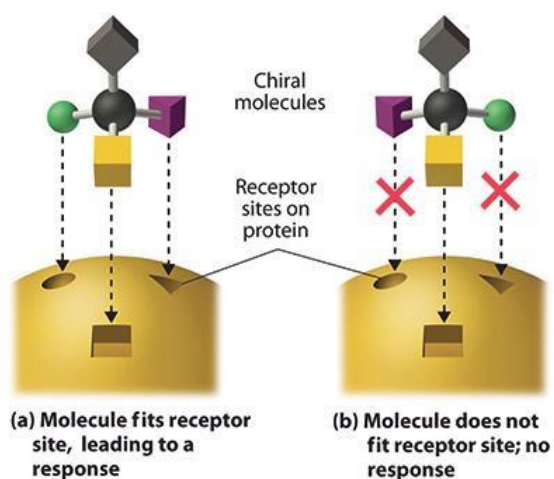

**Prof. Karl Anker Jørgensen**

will give a workshop on :

**“Into the Chiral World”**

**Abstract:**

The workshop will start with an introduction into the chiral world and provide the background of chirality in humans, the society and university.

This will be combined with attempts to understand activation concepts and stereoselectivities in organocatalysis, and examples of applying organocatalytic reactions in industrial settings

*Prof. Leonard Jan Prins*

*Prof. Michele Maggini*

*Dr. Luca Dell'Amico*
